

# WE CARE

---

## OUR PRINCIPLES FOR SUSTAINABLE HOLIDAYS

*Living in the nature of the Grisons mountains like we do, we know how important it is to protect the environment and to use natural resources carefully. Sustainability in everyday hotel life is a matter of importance to us.*

*This is our guideline for Sustainable Holidays:*

- ✓ *We avoid disposable and throwaway items wherever possible.*
- ✓ *Particularly in the spa and wellness area, we avoid disposable bath slippers, plastic products and ask our guests to bring bath slippers etc. with them or to buy them at the reception for multiple use.*
- ✓ *Only 100% natural products are used in our kitchens and restaurants. We keep delivery routes as short as possible and support local farmers and businesses.*
- ✓ *Root-to-leaf and nose-to-tail: In our kitchens, food is processed holistically. Respectful treatment of materials used is a central component of our kitchen philosophy.*
- ✓ *With our culinary pass and at the buffet, our guests can enjoy a feast and choose from a wide range of dishes. In order to reduce food waste, we keep appropriate portions, but we are always happy to serve fresh food on request.*
- ✓ *We use ecological, degradable packaging for our outdoor catering and food events as well as 100% natural products with the shortest possible delivery routes.*
- ✓ *A major part of the energy required in the resort is supplied from renewable energy sources or the resort's own energy generation..*
- ✓ *Solar systems, heat recovery systems, energy-saving equipment will - especially after the reconstruction in 2022 - make a significant contribution to climate-friendly energy management.*
- ✓ *Low-emission building materials and healthy living materials are also used for renovation.*
- ✓ *Throughout the resort, we avoid high-volume printed materials wherever possible and instead use modern digital media information.*
- ✓ *Our holiday consultants are happy to provide our guests with advice and tips for perfect mountain holidays. Personal contact, which gives you a warm, home-like feeling, is very important to us.*
- ✓ *Guests arriving by public transport will be rewarded with a little surprise on arrival.*

*Thank you for helping us to protect the environment.*

*Ramona and Thomas Vogt and the team at the Valbella Resort*
